

FM-740 Water and Wastewater Relocation Project

Beginning the last week of November, a contractor for the City of Rockwall will be relocating water and wastewater lines along FM-740 (Ridge Road), between Horizon Road and Henry M. Chandler Drive. This is necessary as part of the TxDOT FM-740 widening project.

Construction is expected to take 5 months. The utility work will take place primarily in the right-of-ways, however, work in the intersections and along the route may cause some delays.

For more information regarding this project, please contact the City inspector, John Cranson, at 214-543-3952 or the City Engineer, Chuck Todd, at 972-771-7746 or by e-mail at ctodd@rockwall.com.

Thank you for your patience as we work to improve our City.
