

White Road Improvements Construction Notice

November 17, 2009

The reconstruction of White Road, between FM-740 and Tubbs Road, will begin Monday, November 30, 2009 and is scheduled to take 5 months to complete. The project includes the construction of a concrete residential street (28 feet wide) with curb and gutter and an underground storm sewer system. A sidewalk will also be constructed along the north side of the road.

White Road will be reduced to a one-way (eastbound towards Tubbs), one-lane roadway to enable the road to be constructed one lane at a time. Access to existing driveways may be limited, for a short duration, at certain times during the construction.

If you have any questions or need information, please call the City inspector, Jim Raines at 214-543-3255, or the City Engineer, Chuck Todd, at 972-771-7746.

Thank you for your patience as we work to improve your neighborhood and our City.
