APPLICANT: Juan Maldonado

CASE NUMBER: Z2021-004; *Specific Use Permit (SUP) for a Residential Infill for 418 Perch Road*

SUMMARY

Hold a public hearing to discuss and consider a request by Juan Maldonado for the approval of a Specific Use Permit (SUP) for Residential Infill in an Established Subdivision for the purpose of constructing a single-family home on a 0.1150-acre parcel of land identified as Lot 890, Block E, Rockwall Lake Estates #1 Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) for Single-Family 7 (SF-7) District land uses, addressed as 418 Perch Road, and take any action necessary.

BACKGROUND

According to the Rockwall Central Appraisal District (RCAD), a 609 SF single-family home was constructed on the subject property in 1955. On April 23, 1968, the subject property was platted as Lot 890 of the Rockwall Lake Properties Development No. 1 Addition. On February 17, 2009, the subject property was annexed into the City of Rockwall by *Ordinance No. 09-07*. On September 21, 2009, the City Council rezoned the subject property from an Agricultural (AG) District to Planned Development District 75 (PD-75) [*Ordinance No. 09-37*] for Single-Family 7 (SF-7) District land uses. On January 4, 2016, the City Council amended Planned Development District 75 (PD-75) with Ordinance No. 16-01, which made minor changes to the *Consideration of a Special Request* section of the ordinance. On January 21, 2021, the City of Rockwall issued a demolition permit [*RES2021-316*] to allow for the demolition of the existing 609 SF single-family home.

PURPOSE

The applicant is requesting the approval of a Specific Use Permit (SUP) for the purpose of constructing a single-family home on the subject property in accordance with Subsection 02.03(B)(11), *Residential Infill in or Adjacent to an Established Subdivision*, of Article 04, *Permissible Uses*, of the Unified Development Code (UDC).

ADJACENT LAND USES AND ACCESS

The subject property is located at 418 Perch Road. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property are four (4) parcels of land, two (2) vacant parcels (425 & 437 Bass Road) and two (2) parcels with single-family homes (436 Perch Road and 451 Bass Road). All four (4) properties are zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses. Beyond this is Bass Road, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. North of this are several parcels of land with single-family homes zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses.

South: Directly south of the subject property is the intersection of Sunfish Road and Perch Road, which are both identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this are several parcels of land with single-family homes zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses.

East: Directly east of the subject property is Perch Road, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. East of this are several parcels of land with single-family homes zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) land uses.

West: Directly west of the subject property Sunfish Road, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is a 0.115-acre parcel of vacant land zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses. Beyond this is Bass Road, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. West of this are several parcels of land with single-family homes zoned Planned Development District 75 (PD-75) for Single Family 7 (SF-7) District land uses.

CHARACTERISTICS OF THE REQUEST AND CONFORMANCE TO THE CITY'S CODES

Article 13, *Definitions*, of the Unified Development Code (UDC) defines *Residential Infill in or Adjacent to an Established Subdivision* as "(t)he new development of a single-family home or duplex on an existing vacant or undeveloped parcel of land or the redevelopment of a developed parcel of land for a new single-family home or duplex within an established subdivision that is mostly or entirely built-out." An *established subdivision* is further defined in Subsection 02.03(B) (11) of Article 04, *Permissible Uses*, of the UDC as "...a subdivision that consists of five (5) or more lots, that is 90% developed, and that has been in existence for more than ten (10) years." In this case, the subject property is located within the Lake Rockwall Estates East Subdivision. This subdivision has been in existence for more than ten (10) years, consists of more than five (5) lots, and is more than 90% of the developable lots are developed. The *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the UDC, requires a Specific Use Permit (SUP) for *Residential Infill in or Adjacent to an Established Subdivision* in all single-family zoning districts, the Two-Family (2F) District, the Downtown (DT) District, and the Residential-Office (RO) District. This property, being in Planned Development District 75 (PD-75) for Single-Family 7 (SF-7) District land uses, requires a Specific Use Permit (SUP).

In addition, Subsection 02.03(B)(11) of Article 04, *Permissible Uses*, of the UDC states that, "...the Planning and Zoning Commission and City Council shall consider the proposed size, location, and architecture of the home compared to the existing housing ... [and] (a)ll housing proposed under this section [*i.e. Residential Infill in or Adjacent to an Established Subdivision*] shall be constructed to be architecturally and visually similar or complimentary to the existing housing ..." The following is a summary of observations concerning the housing on Perch Road and Sunfish Road compared to the house proposed by the applicant:

Housing Design and Characteristics	Existing Housing on Perch Road, Sunfish Road, and the Subject Property	Proposed Housing
Building Height	One (1) & Two (2) Story	One (1) Story
Building Orientation	All of the homes are oriented toward the street they are built along.	The front elevation of the home will face southeast towards Perch Road.
Year Built	1975-2015	N/A
Building SF on Property	894 SF – 2,848 SF	2,245
Building Architecture	Single-Family Homes	Comparable Architecture to the Surrounding Single-Family Homes
Building Setbacks:		
Front	The front yard setbacks are 12-25-Feet	20-Feet
Side	The side yard setbacks are 0-32-Feet.	5-Feet & 6-Feet
Rear	The rear yard setbacks are greater than ten (10) feet.	10-Feet
Building Materials	Brick and Siding	Brick
Paint and Color	Red, Blonde, Grey, White, & Green	N/A
Roofs	Composite Shingles	Composite Shingle
Driveways/Garages	All garages are flat-front entry.	The garage will be a flat-front entry).

According to Section 04, *Residential Parking*, of Article 06, *Parking and Loading*, of the Unified Development Code (UDC), "(i)n single-family or duplex districts, parking garages must be located at least 20-feet behind the front façade for front entry

garages ...” In this case, the applicant is proposing to put the garage 11-feet, 9-inches in front of the front façade of the single-family home, and if approved the Planning and Zoning Commission and City Council will be waiving this requirement. Staff should note that this waiver has been approved in the Lake Rockwall Estates Subdivision in the past.

According to the *Lot Dimensional Requirements* within Planned Development District 75 (PD-75) [Ordinance No. 16-01] the minimum side yard setback adjacent to a street is 20-feet. In this case, the applicant is proposing a six (6) foot side yard setback. Typically, these types of request are sent to the Board of Adjustments (BOA); however, Planned Development District 75 (PD-75) allows the City Council to consider a special request to the standards of Ordinance No. 16-01 pending the request does not relate to land use. According to Planned Development District 75 (PD-75), “(t)he City Council may consider special requests in the Lake Rockwall Estates Subdivision (*i.e. Area 1 and Area 2 as depicted in Exhibit ‘B’ [the concept plan] of this ordinance*). Such requests may include, but not necessarily be limited to the use of alternate building materials, reductions in the building setbacks, exceptions to the fencing requirements, or other requests submitted for consideration to the Planning and Zoning Department.” In this case, should the Planning and Zoning Commission and City Council choose to grant the applicant’s request, the exception would allow for a reduction of 14-feet in the required setback. Staff should note that based on the aerial images very few if any homes meet the required 20-foot building setback.

With the exception of the items noted above, the proposed single-family home meets all of the density and dimensional requirements for the Single-Family 7 (SF-7) District as stipulated by Planned Development District 75 (PD-75) and the Unified Development Code (UDC). For the purpose of comparing the proposed home to the existing single-family housing located adjacent to or in the vicinity of the *subject property*, staff has provided photos of the properties along Perch Road and Sunfish Road. The proposed building elevations have also been provided in the attached packet. The approval of this request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission and a finding that the proposed house will not have a negative impact on the existing subdivision.

NOTIFICATIONS

On February 23, 2021, staff mailed 196 notices to property owners and occupants within 500-feet of the subject property. Staff also notified the Lynden Park Homeowner’s Associations (HOAs), which was the only HOA’s/Neighborhood Organization within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff had received no notices in regard to the applicant’s request.

CONDITIONS OF APPROVAL

If the Planning and Zoning Commission chooses to recommend approval of the applicant’s request for a Specific Use Permit (SUP) for *Residential Infill in an Established Subdivision*, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (a) Development of the *Subject Property* shall generally conform to the Residential Plot Plan as depicted in *Exhibit ‘B’* of the draft ordinance.
 - (b) Construction of a single-family home on the *Subject Property* shall generally conform to the Building Elevations depicted in *Exhibit ‘C’* of the draft ordinance; and,
 - (c) Once construction of the single-family home has been completed, inspected, and accepted by the City, the Specific Use Permit (SUP) shall expire, and no further action by the property owner shall be required.
- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

02/18/2021: Please address the following comments (M= Mandatory Comments; I = Informational Comments)

- I.1 This request is for the approval of a Specific Use Permit (SUP) for Residential Infill in an Established Subdivision for the purpose of constructing a single-family home on a 0.1150-acre parcel of land identified as Lot 890, Block E, Rockwall Lake Estates #1 Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) for Single-Family 7 (SF-7) District land uses, and addressed as 418 Perch Road.
- I.2 For questions or comments concerning this case please contact Henry Lee in the Planning Department at (972) 771-7745 or email hlee@rockwall.com.
- M.3 For reference, include the case number (Z2021-004) in the lower right-hand corner of all pages on future submittals.
- I.4 According to Subsection 02.03(B)(11), Residential Infill in or Adjacent to an Established Subdivision, of Article 05, District Development Standards, of the Unified Development Code (UDC), an Established Subdivision is defined as any subdivision that [1] consists of five (5) or more lots, [2] that is 90% or more developed, and [3] that has been in existence for more than ten (10) years. In this case, the subject property is located within the Lake Rockwall Estate Subdivision, which is 90% or more developed and has been in existence for more than ten (10) years.
- I.5 Subsection 02.03(B)(11), Residential Infill in or Adjacent to an Established Subdivision, of Article 05, District Development Standards, of the Unified Development Code (UDC), states that "(i)n reviewing the Specific Use Permit (SUP), the Planning and Zoning Commission and City Council shall consider the proposed size, location, and architecture of the home compared to the existing housing in the Established Subdivision ... {and} all housing proposed under this section shall be constructed to be architecturally and visually similar or complimentary to the existing housing in the Established Subdivision."
- M.6 According to Subsection 04.01(B), Lots Less Than Five Acres, of Article 06, Parking and Loading, garages located in single family districts must be located 20-feet behind the front façade of the building. In this case the garage is located 11'9" in front of the front façade; this would require a waiver to the Unified Development Code.
- M.7 The dimensional requirements found within Planned Development District 75 state that the side yard setback when adjacent to a road is 20-feet. In this case the setback is 6-feet; this would be another waiver to the request.
- M.8 Please review the attached Draft Ordinance prior to the February 23, 2021 Planning and Zoning Commission Work Session meeting, and provide staff with your markups by no later than March 2, 2021.
- I.9 Staff has identified the aforementioned items necessary to continue the submittal process. Please make these revisions and corrections, and provide any additional information that is requested. Revisions for this case will be due on March 2, 2021; however, it is encouraged for applicants to submit revisions as soon as possible to give staff ample time to review the case prior to the March 9, 2021 Planning and Zoning Commission Public Hearing Meeting. The Planning and Zoning Commission Work Session Meeting for this case will be held on February 23, 2021.
- I.10 The projected City Council meeting dates for this case will be March 15, 2021 (1st Reading) and April 5, 2021 (2nd Reading).
