CITY COUNCIL MEMORANDUM

PLANNING AND ZONING DEPARTMENT

385 S. GOLIAD STREET • ROCKWALL, TX 75087

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Mayor and City Council

CC: Mary Smith, *City Manager*
Joey Boyd, *Assistant City Manager*

FROM: Ryan Miller, *Director of Planning and Zoning*

DATE: June 5, 2023

SUBJECT: Planned Development District Review

As the City Council is aware, Planned Development Districts have become a common practice within the City's zoning code, with there being over 100 active Planned Development Districts currently regulating the majority of property within the City. When a Planned Development District is created, a regulating ordinance is written, and -- *prior to 2015* -- when a Planned Development District was amended an additional regulating ordinance was written that may have superseded or changed sections of the original regulating ordinance without completely superseding it. The issue with this process is that older Planned Development Districts -- *or Planned Development Districts that have been amended multiple times* -- tend to accumulate a large number of regulating ordinances. In these cases, unless the person interpreting the Planned Development District understands the timing and intent of each of the ordinances, it can be difficult to determine what the actual development requirements are for a particular property. For example, Planned Development District 8 (PD-8) -- *which currently regulates the Chandler's Landing Subdivision* -- consists of over 200 pages of regulations within 20 regulating ordinances and two (2) resolutions and over 100 development cases (*see attached Planned Development District 8 [PD-8]*). To give an idea of the size of this Planned Development District, the current Unified Development Code (UDC) (*i.e. the zoning code for the City of Rockwall*) is only 248 pages.

In 2015, staff changed how Planned Development Districts were amended by writing consolidating ordinances (*i.e. writing one [1] ordinance that superseded all previous ordinances for a Planned Development District*) when a development case proposed amending a Planned Development District. The purpose of instituting this change in procedure was to make zoning easier to understand for the City's external customers (*i.e. developers and citizens*), and also to make it easier for ordinances to be interpreted internally by City staff. The rationale behind making this change was also tied to how the Director interpreted the process of amending a Planned Development District. Prior to 2015, only the property affected by a proposed amendment was considered in the zoning and notification process; however, a Planned Development District is typically centered around an overall concept plan, and all properties within a Planned Development District are affected through changes in a concept plan or development regulations. Based on this rationale, staff started to notify all properties within a Planned Development District when an amendment was proposed. This allowed staff to write consolidating ordinances for Planned Development Districts. This process has been successfully utilized in consolidating PD-1, PD-7, PD-10, PD-32, PD-59, PD-70, and PD-74; however, there are multiple Planned Development Districts that are fully developed and have a low likelihood of being amended, but still which staff deals with interpreting the requirements on a regular basis. This includes Planned Development Districts like PD-2 (*the Lakeside Village and Turtle Cove Subdivisions*), PD-3 (*the Shores Subdivision*), PD-8 (*the Chandler's Landing Subdivision*), PD-9 (*the Hospital/Medical District*), PD-11 (*the Hillcrest Shores Subdivision*), and PD-13 (*the Windmill Ridge Subdivision*). Based on this staff is requesting that the City Council consider directing staff to initiate zoning changes for these Planned Development Districts. It should be noted that the proposed zoning change would not change any development requirements or the concept plans associated with these Planned Development Districts, but would simply consolidate the multiple regulating ordinances that make up these zoning districts for the purpose of making the districts easier to read and interpret. As previously stated, this not only assists staff in understanding these ordinances, but will also make the ordinances easier to read for citizens and developers who may own property or are looking to develop property in these areas.

The program that staff is proposing is somewhat similar to a program already referenced by the City's zoning code under Subsection 03.05, *Periodic Review*, of Article 10, *Planned Development Regulations*, the Unified Development Code (UDC). This section calls for the Planning and Zoning Commission to periodically review Planned Development Districts to determine

if a Planned Development District is reflective of the City's current growth patterns or community design policies, and authorizes them to request the City Council initiate zoning to change the requirements of a Planned Development District. This practice was discontinued in 2010, due to the difficulties for a City to change zoning and/or entitlements that have been granted through a previous zoning process without the property owner's consent. In addition, it was determined that many property owners did not want to participate in allowing the City to change their zoning or entitlements. As was stated previously, staff wants to initiate zoning in a similar manner, but not for the purpose of changing the concept plan or development requirements for a Planned Development District; rather, staff is simply proposing to consolidate the regulating ordinances associated with older Planned Development Districts that consist of multiple regulating ordinances. Staff has conferred with the City Attorney, and feels comfortable that what is being proposed avoids any of the aforementioned issues.

To assist the City Council in determining if this program is warranted, staff has prepared a consolidating ordinance for Planned Development District 8 (PD-8) along with the current ordinances associated with the Planned Development District as a comparison. Should the City Council direct staff to proceed, staff will bring the proposed amendment to Planned Development District 8 (PD-8) forward in accordance with the following schedule:

Planning and Zoning Commission Work Session: June 27, 2023
Planning and Zoning Commission [*Public Hearing*]: July 11, 2023
City Council [*Public Hearing/First Reading*]: July 17, 2023
City Council [*Second Reading*]: August 7, 2023

If this process proves to be successful, then staff, with City Council's concurrence, will begin researching and writing consolidating ordinances for the remainder of the multi-ordinance Planned Development Districts. Should the City Council have any questions, staff will be available at the June 5, 2023 City Council meeting.

TO: The Residents of the Chandler's Landing Subdivision

FROM: Ryan Miller, AICP
City of Rockwall Planning and Zoning Department
385 S. Goliad Street
Rockwall, Texas 75087

SUBJECT: Case No. Z2023-029; Amendment to Planned Development District 8 (PD-8)

Property Owners and/or Residents of the Chandler's Landing Subdivision,

The City of Rockwall has initiated an amendment to the Planned Development District 8 (PD-8) for the purpose of consolidating the regulating ordinances contained within this Planned Development District. Currently, Planned Development District 8 (PD-8) -- *which currently regulates the Chandler's Landing Subdivision* -- consists of over 200 pages of regulations within 20 regulating ordinances, two (2) resolutions, and over 100 development cases. The proposed amendment does not change the land uses, development requirements, or the concept plans associated with these ordinances. The proposed amendment will, however, consolidate these ordinances, resolutions, and development cases into a single Planned Development District ordinance. The purpose of making this change is to make the document easier to read and understand for residents and home builders looking to do work in the Chandler's Landing Subdivision.

WHY AM I GETTING THIS NOTICE?

The Local Government Code for the State of Texas requires notices to be sent to all property owners and occupants effected by a zoning change. The City of Rockwall establishes a 500-foot notification buffer around the subject property as the notice areas. This means that you are receiving this notice because you either live within the Chandler's Landing Subdivision or within 500-feet of its boundaries. The attached map is a visual representation of the subject property (*i.e. Chandler's Landing Subdivision*) and the 500-foot notification buffer surrounding the zoning area.

DOES THIS CHANGE MY PROPERTY'S ZONING?

NO. The proposed amendment to Planned Development District 8 (PD-8) will not change your zoning or any development requirements associated with your property or any other properties located within Chandler's Landing Subdivision. It will only make it easier to find the development requirements associated with property for property owners, home builders, and city staff. Any property that is located within the 500-foot notification area -- *but is not situated within the Chandler's Landing Subdivision* -- will not be affected by the proposed zoning change.

WHEN CAN I LEARN MORE ABOUT THIS AMENDMENT?

The Planning and Zoning Commission will hold a **PUBLIC HEARING** on Tuesday, July 11, 2023 at 6:00 PM, and the City Council will hold a **Public Hearing** on Monday, July 17, 2023 at 6:00 PM. These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street. Should a resident wish to attend these meetings they will be open to the public. In addition, all meetings will be available to be streamed live (*or after the meeting is over*) through the City's website (*i.e. www.rockwall.com*). If you have specific questions about the amendment you can contact the Rockwall Planning and Zoning Department at (972) 772-6441 or email planning@rockwall.com.

EXHIBIT D

PRODUCT TYPES

SINGLE FAMILY DETACHED (Type "A") homes will consist of single family detached units that are clustered in groups of a slightly higher density than conventional single family homes. This concept promotes a slightly higher density in the area that is actually developed while creating more open space which is commonly owned and maintained by the homeowners and/or the Property Owners' Association. Ownership of these homes will involve the units as well as the lot on which the units are sited. These lots will have front, rear and side yards. These units will be one and one and a half story structures. This type unit will meet the area requirements for zero lot line units as specified in Section 2.(5) herein, except for side yard requirements which shall meet the requirements of the townhouse zoning district for side yards not constructed on the zero lot line.

SINGLE FAMILY DETACHED (Type "B") units are proposed as another form of single family detached housing being attached only by means of a garden wall. These units are proposed as zero lot line homes in which a unit is sited on one of the lot lines. This concept provides a more efficient use of the lot, having three yards instead of four, and therefore creates more open space within the common areas. Ownership of these homes involves the unit as well as the lot. This type unit shall meet the requirements for zero lot line units as specified in section 2.(5) herein.

SINGLE FAMILY DETACHED (Type "C") dwelling units are proposed as another form of detached housing. These lots will consist of parcels of land having access and frontage on a private road. Ownership of these homes would involve the unit as well as the lot. This type unit shall meet the area requirements of the "SF-7" Zoning District.

Note: The Single Family Detached unit Type "A", "B", and "C" shall be designated on each development plan as submitted.

SINGLE FAMILY ATTACHED UNITS are proposed as single family attached homes with party walls. The units are characteristically built as individual units in a series of four to eight units with common walls between units, and a side yard on the end units only. The Council then considered the final plat of the Smith Addition submitted by John Smith. Mr. Smith explained to the Council his one lot residential subdivision. Couch explained that this plat was adjacent to the Chenault residential subdivision. She also explained that Smith was agreeable to dedication of additional right-of-way to meet the requirements of the Thoroughfare Plan, but, as was the case with the Chenault residential subdivision, he was requesting that he not be required to place funds in escrow for improvement of the State highway.

Gournay made a motion that the final plat for the Smith Addition be approved with a waiver of the requirements for escrowing of funds with the restriction that if the use becomes anything other than single family the waiver would expire. Bullock seconded the motion. The motion was voted on and passed unanimously.

The Council then considered vacating a portion of Chandlers Landing, Phase 15 and approval of a final plat on Chandlers Landing, Phase 19. Couch explained the items under consideration.

Welborn made a motion that the Council approve vacating a portion of Chandlers Landing, Phase 15 and approve a final plat for Chandlers Landing, Phase 19 subject to the following stipulations:

1. That the designation labeled "area of widening" be changed to read "right-of-way".
2. That the right-of-way be obtained from the center of the existing right-of-way line rather than the center of the existing pavement.
3. That funds be escrowed for paving 24 ft. of FM-740 and for curb, gutter, and engineering to be paid prior to construction of any portion of this phase.
4. That a deceleration lane be built prior to construction of any portion of this phase.
5. That the street name "Lavonia Court" be changed since there is already such a street so named on file with the County Clerk.
6. That the variances from the City's horizontal and vertical curve standards be granted.
7. That credit for the turn lane be given for the amount of pavement used in the deceleration lane in calculation of the amount of funds to be escrowed.

Eubank's seconded the motion. The motion was voted on and carried unanimously.

The Council then considered a resolution requesting the rural water supply corporations to reconsider their contracts with

of this sort was by property ownership and told the Council that this was the method under which the Staff would proceed.

Davis asked if Freese and Nichols had looked into the possibility of taking sewer north to Camp Creek Basin. Eisen stated that he would discuss this matter with Freese and Nichols and told the Council that the City of Lavon would be making a presentation to the Council on the subject of bringing sewage to the Rockwall system. He stated that Lavon was making this request based on recommendations from the North Central Texas Council of Governments.

Eisen reported on the status of improving traffic flow at SH-205 and SH-66 as requested at a previous meeting by Davis. Eisen stated that several alternatives had been considered and that his recommendation involved re-striping of several areas. He presented the detailed plan for the Council to comment on. The Council indicated support for the proposal as presented and expressed their appreciation for the work done on the plan. Tuttle stated that the Council had previously made a commitment about eighteen months ago to continue the improvements made to the Square and asked if it would be possible to take the sidewalks in to obtain more room for the street.

Eubanks suggested that the City also consider the need that no-parking periods be provided in the morning as well as in the afternoon to accommodate the traffic generated by school traffic. Eisen indicated that this option would be considered.

Welborn asked if the Staff had completed work toward providing a plan for additional planning in the downtown area. Eisen indicated that the Staff had been trying to schedule a meeting with the committee of downtown merchants to discuss this matter but had not, as yet, held the meeting. Tuttle stated that it was his opinion that for the plan improving the traffic flow to be acceptable, it would be necessary for the City to offer additional parking. He stated that it was his feeling that the old City Hall site would have to be opened along with the plans being discussed for the intersection of Goliad and SH-66.

Eisen stated that if there was no objection the City would proceed with the improvements on the northbound lanes and continue to work on the other aspects of the problem.

The Council then considered approval of a preliminary plat development plan for Phase 19 of Chandlers Landing. Couch reviewed the recommendations of the Staff and the Planning and Zoning Commission.

Welborn made a motion to approve the preliminary plat development plan for Phase 19 of Chandlers Landing with the following stipulations:

1. That a determination of whether "eyebrow" streets proposed meet the City's engineering requirements be made.
2. That the ten lots fronting on Yacht Club Drive be required to have circular driveways.

3. That a deceleration and acceleration lane be required to be built on SH-740 simultaneously with the opening of the construction entrance to this phase as well as a left turn lane for traffic going north on SH-740 (contingent upon Texas Department of Highways and Public Transportation approval).

4. That dedication and escrowing of funds in accordance with present City ordinances be required at the time of final platting of any portion of Phase 19.

Eubanks seconded the motion. The motion was voted on and passed unanimously.

Tuttle agreed with a suggestion by Davis that it might be advantageous to meet with representatives from the City of Heath regarding planning in areas near that City. He suggested that Eisen contact Mayor Burns for establishing groundwork for such meetings and suggested use of Council committees to work out these details.

The Council then considered approval of a preliminary plat development plan for Phase 20 of Chandlers Landing. Couch stated that comments from Staff were the same as had been discussed under the previous items. She reviewed these matters in the motion.

Motion was made by Welborn that the preliminary plat development plan for Phase 20 of Chandlers Landing be approved subject to engineering review of "eyebrow" streets to insure they meet the City standards. Eubanks seconded the motion. The motion was voted on and passed unanimously.

Van Hall, representing Chandlers Landing, told the Council that the developers had gone to a great deal of engineering expense to preserve trees and natural areas in the development. He explained that this produced some odd-shaped cul-de-sacs to preserve the natural terrain. He asked the Council to ask the Staff to work with them in engineering review of the odd shaped cul-de-sacs and noncompliant curves. The Council generally agreed that such review could be done by the Staff and that if the Staff and developers were unable to come to agreement, the developer could come back to the Council for final resolution of any such problem.

The Council then considered vacating the existing plats on Phases 8 and 14 and approving a replat of Chandlers Landing, Phase 14. Couch pointed out that as a part of the preliminary plan already considered the previous night the land use involved changing a portion of Phase 14 from Townhome to Single Family Detached. She stated that the Council would need to take three actions to revise the plat:

1. Vacate existing Phase 14 and approve the replatting of Phase 14.
2. Vacate old Phase 8 plat which was platted in the new Phase 14.

GENERAL REQUIREMENTS

- (A) PD Concept Plan. Planned Development District 8 (PD-8) shall be developed in accordance with the Concept Plan depicted in Exhibit 'C' of this ordinance, and no substantial change in the development shall be permitted except after obtaining approval of the change in the manner required for amendments as stipulated by the Unified Development Code (UDC) of the City of Rockwall, as heretofore amended, as amended herein by this zoning change, and as maybe amended in the future.
- (B) Development Plan. Prior to the issuance of any *Building Permit* in Planned Development District 8 (PD-8), a final *Development Plan* prepared in accordance with the requirements of the Unified Development Code (UDC) shall be filed with the City Council of the City of Rockwall and shall be approved by said governing body after review and recommendation by the Planning and Zoning Commission and filed as part of this ordinance. Such required *Development Plan* shall set forth the requirements for ingress and egress to the property, public or private streets or drive, with adequate right-of-way to conform to the Master Thoroughfare Plan of the City of Rockwall, sidewalks, utilities, drainage, parking spaces, all area requirements and maximum lot coverage, yards and open space, screening walls or fences, amenities, greenbelts areas, and all other development and protective requirements considered necessary by the City Council to create a reasonable transition to and protection of the adjacent property. Such approval by the City Council of the detailed final *Development Plan* shall be considered as an amendment to this ordinance and shall be applicable to the property involved.
- (C) Greenbelts and Open Space.
- (1) Greenbelt 'A'. That the area north of the existing entrance at the southeast corner of Planned Development District 8 (PD-8) [designated as Greenbelt 'A' on the Concept Plan depicted in Exhibit 'C' of this ordinance] shall be designated and maintained as a permanent greenbelt area.
 - (2) Greenbelt 'B'. That the area south of the existing entrance at the southeast corner of Planned Development District 8 (PD-) [designated as Greenbelt 'B' on the Concept Plan depicted in Exhibit 'C' of this ordinance] may be developed in a manner that would not interfere with the contemplated realignment and improvement of FM-740 [*i.e. Ridge Road*], and the governing body of the City of Rockwall must consider and specifically approve further development of said area.
- (D) Amenities (Per Ordinance No. 84-04). That the construction and development of amenities for Planned Development District 8 (PD-8) for all future development thereof shall be based upon recreational units with each single-family dwelling unit equaling one-half (½) recreation unit and each multi-family dwelling unit equaling one (1) recreation unit, said amenities are to consist of the follow:

Ratio Required: 1/300 Recreation Unit

Number Required: 3

- (5) **Security Entrances.** These entries will be well lighted, landscaped, and maintained. They are to be secured by guards, or by a mechanical system. These entrances are strategically located throughout the development in order to provide proper ingress and egress.
- (6) **Landscape Developments.** These entries are to be paved with a brick or cobblestone pattern. On either side of the landscaped boulevard there will be lush plantings, berms, and decorative fences.
- (7) **Architectural Graphics.** These graphics and signs will be designated in harmony for all developable parcels in the remainder of Chandler's Landing. These signs will be very pleasing and will direct visitors through the development.
- (8) **Common Greenbelts and Paths.** These areas will flow through the development following the low areas as designated on the Master Plan. They will have paths for jogging, walking and golf carts. Along some areas of the greenbelts, we are planning an aerobic course.
