RESIDENTIAL ZONING
REVIEW CHECKLIST

* Current Zoning GR Land Use Plan
 * Proposed Zoning SF-7 Indicates GR-SF
 * Location Danver Dr. / SH-205

There are only two reasons why zoning should be changed. Either the original zoning was applied in error or conditions have changed to warrant a change in land use in the area. Any changes must be in accordance with the Comprehensive Plan.

I. Planning and Engineering

<u>Yes</u>	<u>No</u>
------------	-----------

A. Are the public facilities and services inadequate to support the proposed development? (i.e., sewer, water, electricity, fire protection, schools, parks, paved access, streets, sidewalks.)

<u>✓</u>	<u> </u>
----------	-------------

Comment:

B. If public facilities and services are not adequate, is the site outside active growth ~~are~~ and not adjacent to existing facilities and services?

<u> </u>	<u> </u>
-------------	-------------

C. Are there any pollution or environmental hazards or other objectionable hazards affecting the proposed use (development)?

<u> </u>	<u> </u>
-------------	-------------

Comment:

D. Is the site located in a flood plain?

<u> </u>	<u>✓</u>
-------------	----------

- E. Is the proposed zoning (development) in conflict with the Master Plan?
- F. Has there been a lack of significant change since the Master Plan update was adopted that would favor approval of the existing Master Plan? (Substantial zoning changes dictate modification of the Master Plan.)
- G. Could the request be considered premature? (Are other things required to happen before the proposed use becomes viable?)
- H. Would a Concept Plan of the area be appropriate?

II. Existing Zoning Pattern (Neighborhood)

A. What is existing zoning adjacent to site?

SF-10, SF-7

B. What is the predominant zoning in the area:

SF

- C. Is the area developed the same as it is zoned?
- D. Is the requested zoning compatible with the existing zoning pattern?
- E. Will the requested change alter a logical transition between zoning types?
- F. Will the proposed use change the stability of the zoning pattern?
- G. Could this property be effectively utilized without the zoning being changed?

The sites are very small for any effective retail development

H. Is there another, less intense zoning classification that permits the proposed use? _____

I. Are there any "peculiarities" of the proposed new use that are likely to affect neighboring properties? i.e., unusual or long hours, heavy "come and go" traffic, lights, trash? _____

If "Yes", what are they? _____

III. PD - Preliminary Plan

Yes No

A. Do the proposed area requirements vary from the standard?
(If so, attach a comparison)

B. If so, are there compensating factors for the variances?

Comment:

C. Are the proposed land uses mixed?

D. If so, are they compatible or are adequate buffers provided?

Comment:

E. Are the proposed land uses compatible with the Land Use Plan?

F. Are major streets provided in the preliminary plan?

G. Do they comply with the Thoroughfare Plan?

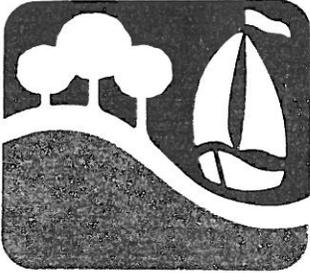

H. Is all required information provided for a preliminary plan?

I. Are there any special protective buffering, ~~over~~ screening provisions that should be included?

Comment:

J. Are there any significant proposed public or private open spaces, parks, amenities, etc.?

Mr. D.L. Anderson

Dear Mr. Anderson:

On May 1, 1989, the Rockwall City Council approved an ordinance on second reading which changed the zoning from "GR" General Retail to "SF-7" Single Family on four lots recently replatted within Harris Heights Phase Four. The zoning is now in place and I have received the required number of copies of the executed plat approved by the City Council on April 17th. Upon execution by the necessary City officials, this office will file the plat of record at the County Clerk's Office.

Please feel free to contact me if you have any questions.

Sincerely,
