Dear Planning & Zoning & ARB

We are having lots of problems with our roof on 2506 Ridge which was built on 1994, it's flat roof currently & lots of problems with our drainage, Part of our Ceiling is Collapsed & we need to put the new metal Roof on this building as soon as possible. we are using matte black & medium brown metal with low & minimum pitch. and also for the protection of the front entrance we are adding an awning above the Eyebrow on the top of front door.

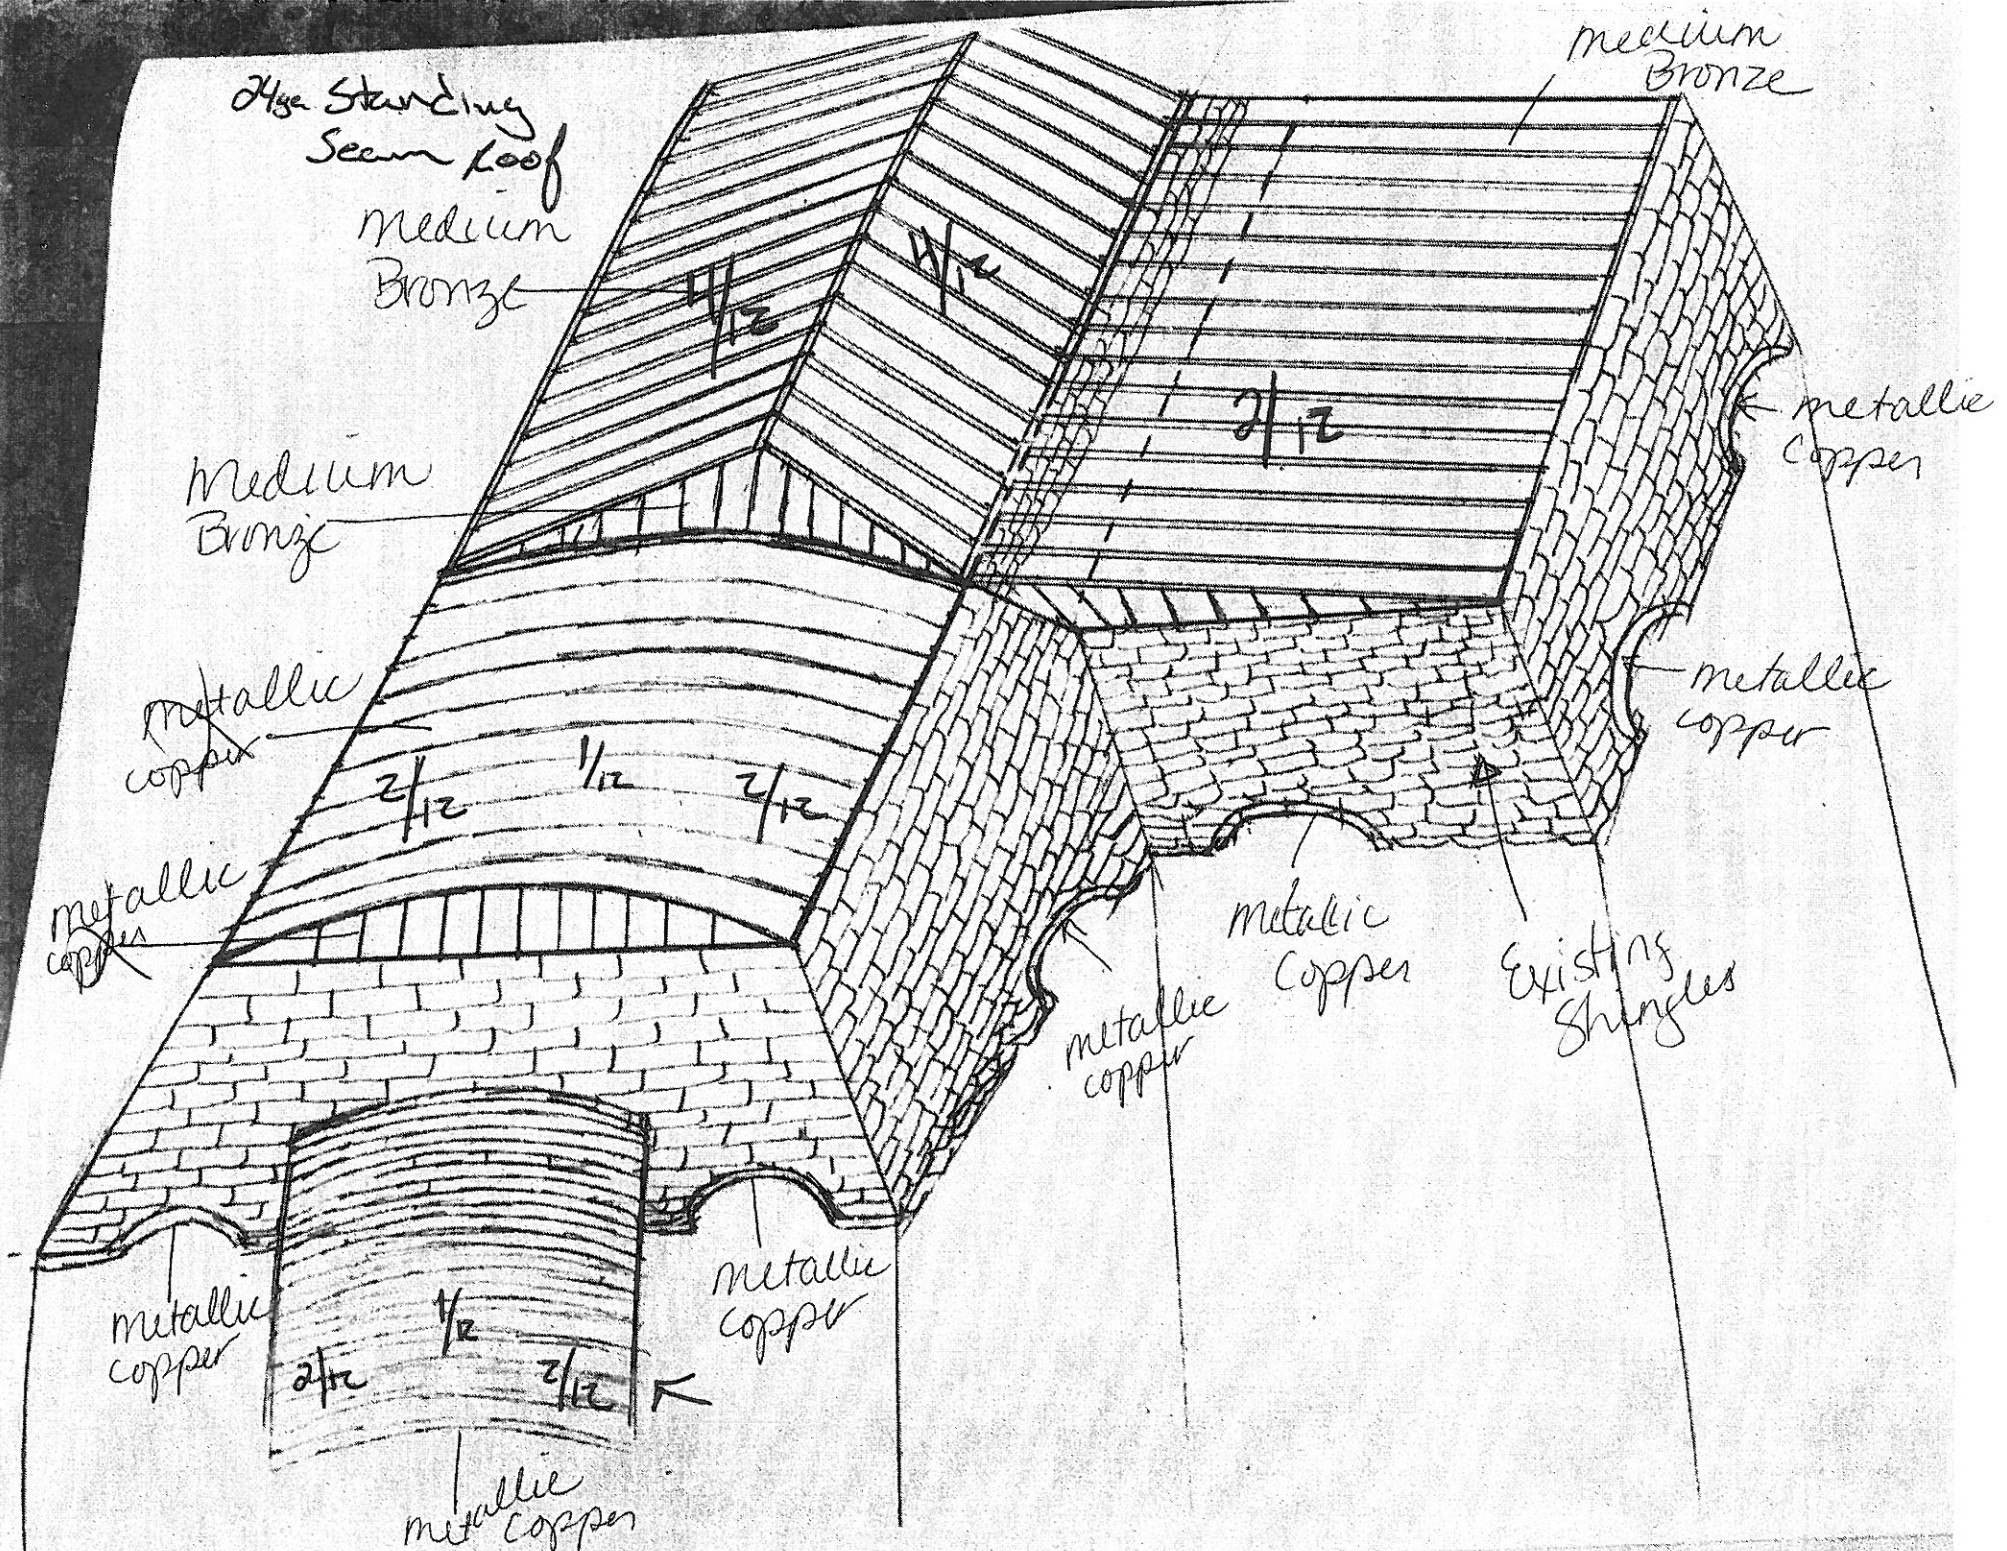

Moni & Richard Brooks
